Work Experience

C, C++ Training Program (21/12/2024 – 31/12/2024)

- Successfully completed an intensive training program focused on C, C++, and Data Structures & Algorithms (DSA)

Smart India Hackathon (09/2024)

- Successfully completed the Accenture Virtual Internship focused on software development, problem-solving, and advanced engineering concepts.

Accenture Virtual Internship – Coding Development & Advanced Engineering (11/2024)

Skills

Technical Skills

- C Programming
- C++ DSA
- Basics of Python

Tools/Sofware

- VS Code, Replit
- Jupyter
- Multisim,Matlab

Educational Background

Pursuing Bachelor Of Engineering In E&TC

Pune Vidhyarthi Griha's College Of Engineering Nashik
FE CGPA:9.23
SE SGPA:9.27
June 2023 - May 2027

Higher Secondary Education

Chanakya Vidyalaya
XII(HSC)|66.67
June 2021 - May 2023

Secondary School Certificate

MJ FuleSchool
X(SSC)|89.85

Languages

- English (Fluent)
- Hindi (Fluent)
- Marathi (Proficient)
- Gujarati (Fluent)

Certification/Short Courses

- Generative Ai Course By Linkedin Learning
- Coding Development & Advanced Engineering course by Accenture
- Gen ai for code generation for python

Projects

- Footstep Power Energy Generation
- Chatbot (Ongoing)

Additional Information

- Social Media Coordinator of E&TC department
- AI Learner
- Working on building chatbot
- AI agents

Hobbies

- Traveling
- Blke RIding
